The Indian Journal of Business Administration is publishing in June and December every year and this Nation peer reviewed refereed journal is an official organ of the Department of Business Administration, Faculty of Commerce and Management Studies, Jai Narain Vyas University, Jodhpur (Raj.). Since from starting issue of our departmental journal in year 1994-95 we aims at bringing and providing the surface to original studies - papers, research notes, reviews of literature - in different areas of Commerce & Business Administration, made by academicians, practitioners and independent thinkers having genuine concern with the theory and practice of Business Administration, for the purpose of fuller appreciation of the manifold dimensions of the subject that may lead to more effective and meaningful management of operations. Previously, it was yearly journal of Department but due to the huge academic demand the frequency of our journal has been changed as two issues for every year in the month of June and December and now it called as Biannual (half-yearly) journal.

The findings, interpretations and conclusions expressed in this journal are solely those of the authors and should not be attributed, in any manner, to the Department of Business Administration.
